My Wild Weather Day

I had my big soccer game today—
with some very wild weather!

11514 0034 1261 4 VOL. 54, NO. 6

The weather changed 6 times! How did it affect my game? I'll tell you all about it.

The Day the Weather Went Wild

It started out chilly.

I put on a long-sleeved shirt.
I could see my breath in the air.

Then it got hot.

The sun came out.
It was 75 degrees. I got sweaty.

It got windy.

The sky turned gray. The wind made it harder to kick the ball.

It rained.

We played in the rain.
It was so much fun. I got muddy.

There was lightning.

We had to stop playing.
We went inside to stay safe.

Look! There is a rainbow!

The storm ended. The sun came out.
We finished the game. GOAL!

Dress for the Weather

Choose a weather word.
Type it under the correct outfit.

cool hot rainy snowy

In which kind of weather should you go inside to stay safe?

cloudy

stormy
