

Dear Parents

As we are working to get devices (chrome books) into the hands of our students, we have learned that Internet connectivity for “hot spots “ is delayed due to the company’s shipping schedule.

We anticipate another week and a half for hot spots.

We will continue distributing chrome books Monday – Thursday.

You will be receiving a personal message when your chrome book is ready for pick-up.

We will be moving our meal and packet exchange to an earlier time due to the rising temperatures. Monday, the exchange of packets and meal pick-up will be from 8:30 a.m. to 11:30 a.m.

Please make arrangements with your teacher if you cannot make those times.

During the week, teachers should be making a contact with your child daily to check on work progress. Parents please assist your child with this effort by checking your parent square messages and texts sent from the school.

Thank you for your patience and support as we continue to address the needs of students during this time of Extended Home Learning.
